

PROBABLY AT FRONT

LETTER FROM ASA BOTT INDICATES HE WAS SOON TO SEE ACTIVE SERVICE

With the American Expeditionary Force,
Sept. 6, 1918.

My Dear Mother:
I have just a few minutes to write so will have to make this note short and sweet.

I am sending some pictures of myself with the names of the people they are to go to. The pictures are very poor, according to my notion, but I think you will like them. I am also going to send some post cards for you to look over. I collected them on my way to Aix les Bains. How is everybody at home? I truly hope and pray every one is in the best of health. I am anxious to hear from you all. It seems such an age since I have heard, although it has been only a little over two weeks.

I was very agreeably surprised the other day to run across an old pal of mine, John Randall. Father will remember him. He was as much surprised to see me as I was to see him, and we had quite a time visiting together. He is connected with the Field Artillery near here. I have not heard from Russell Thomas since I left Aix.

I am feeling fine, never better. I expect to do more for Uncle Sam in the next few days than I have done in the last few months. The big doings will be announced in the papers before you receive this, so if mail is tied up for a while it will be straightened out soon after the drive. Please forgive the briefness as I am writing in a great hurry. Give my love to all the family and don't forget that your son always thinks of Mother lovingly.

ASA.

Enclosed in the letter are two copies of "The Highwayman," the official journal of the 23d Engineers, who have probably been very busy in the great offensive that has been going on all along the Western Front. As it states editorially, it occupies a unique position among the A. E. F. newspapers, that is, instead of being the news medium of a community, it is the news medium of a widely scattered organization. It contains nonsense as well as news. For instance, in No. 2 is this verse:

"A tree toad loved a she toad
That lived up in a tree;
She was a 3-toed tree toad,
But a 2-toed toad was he.
The 2-toed tree toad tried to win
The she toad's friendly nod.
For the 2-toed tree toad loved the ground
That the 3-toed tree toad trod.
But vainly the 2-toed tree toad tried
He couldn't please her whim.
In her tree toad bower, with her V-toed power,
The she toad vetoed him."

A RECKLESS SPEEDER

The fact that wrongdoers are spared often from paying the full penalty their infractions of law deserve because of the hardship it would work on others connected with them, found an illustration in the case of F. H. Weston of Los Angeles, who was arrested for speeding on Brand boulevard last week Wednesday at 9:30 p. m. with two young ladies and another man in the car, which was a roadster. He was cited to appear before Judge Lowe October 14th but failed to show up. Investigation by the officers revealed the fact that October 14th he rented another car and took out the same party, entering into an agreement to be responsible for any damage which might result to the auto. The car was wrecked at Santa Monica, badly injuring the girl passengers and his man friend, but he escaped without serious injury, abandoning the machine. Glendale officers succeeded in locating him and he was lodged in jail here Monday night and had a hearing before Judge Lowe Tuesday, who imposed a fine of \$25 for his infraction of the speed laws of Glendale. His parents are worthy people and poor, and he may escape the jail sentence he so richly deserves after his latest escapade at Santa Monica.

THE BURSON BOYS

Letters have been received recently by relatives here from Corp. Harold Burson, who is in France but not at the front, at least he had not been at the time he wrote. He was very happy in his soldier life and spoke highly of the way the government was treating its fighting men, said he weighed more than ever before in his life.

A letter was received from Frank Burson about three weeks ago. He had been "at the front in No Man's Land and seen service, but of course could not give details.

FIVE CENT CARFARE

RAILROAD COMMISSIONER LOVELAND TELEGRAPHS P. E. TO RESTORE RATE

Glendale residents will be interested in the following letter received by City Attorney W. E. Evans from H. D. Loveland, a member of the Railroad Commission, relative to the failure of the Pacific Electric to restore the 5c fare.

"October 11, 1918.
"W. E. Evans, City Attorney, Glendale, Cal.
"Dear Sir:

"This will acknowledge telegram of October 10th with reference to failure of the Pacific Electric to restore the five-cent street car fare within municipalities. It was our understanding that tariffs would be issued putting the old fares into effect without delay. We have wired the Pacific Electric to straighten out the situation and will advise you further as soon as the tariffs have been received.

"Our reporting department is very much overcrowded with work, but we expect the transcripts in Application No. 3791 to be ready for distribution by Monday or Tuesday of next week. The Commission desires to issue its opinion and order on the application for rehearing at the earliest possible date and therefore suggests that the briefs be forwarded to this office promptly.

Yours very truly,
RAILROAD COMMISSION OF THE STATE OF CALIFORNIA,
By H. D. LOVELAND,
Commissioner."

WANTS TO MEET THE HUN

The Krachey family of Raleigh street have received interesting letters from Sergeant Ed Krachey, who is now in France and who has sent them pictures of himself and his comrades. In his letters he tells of living in a house over a century old made of plaster and cement. All the French women, he says, are in black, but they are wonderfully patient and have a cheerful outlook. At the time he wrote, he was engaged in teaching recruits how to apply the gas masks and in demonstrating the deadliness of the gas used by the Huns. The class lasted for two hours each day. He has been advanced to First Sergeant and is very anxious to meet the Hun face to face.

A EUROPEAN TOUR

Mr. and Mrs. B. Middlekauff of Cedar street report that their son George, who is in Italy, is well and happy in his soldier life there. He can of course give but few details of his work, but writes of the country and his impressions, especially the smaller towns which are so unsanitary and behind the times in the eyes of a young American. He is getting quite a European tour, as he was in England for a short time, then in France for two months. He is in the Medical Department.

ANOTHER COINCIDENCE

Order number 632 was drawn by the man whose serial number was also No. 632, reports Chairman Lanterman of the Exemption Board.

TREASURY CERTIFICATES OF INDEBTEDNESS

"Internal Revenue Collector John P. Carter, 6th District of California, calls the attention of taxpayers to the advantages of purchasing new Treasury Certificates of Indebtedness bearing 4% interest, and maturing July 15th, 1919, in order that those who have income and excess profits taxes to pay may prepare themselves in advance for the large payments and to accumulate gradually the funds necessary to meet them.

The Collector has been advised by the Secretary of the Treasury that certificates of this issue will be accepted at par, with adjustment of accrued interest, under rules and regulations to be prescribed, in payment of income and profits taxes when payable at or before maturity of the certificates. "It is the aim of the Government to make the floating of this issue of certificates of indebtedness a popular one," said Collector Carter, "and it will be to the advantage of those whose taxes are measured in comparatively small amounts, as well as the large corporations and wealthy persons, to participate in the purchase of these impregnable securities."

These certificates may be purchased at the Federal Reserve Bank or at any bank or trust company. They are in denominations of \$500, \$1000, \$5000, \$10,000, and \$100,000.

YANKEES AND BRITISH DRIVE ON HERSON

ATTEMPT TO CUT OFF GERMAN ARMIES IN FLANDERS FROM THOSE IN NORTHERN FRANCE

(Special Service to Glendale Evening News)

LONDON, October 17.—American troops are co-operating with the British in a new drive which was launched this morning between Le Chateau and Bohain. The drive was launched at Herson. The capture of Herson would definitely split the German armies in Flanders from those in northern France, and would undoubtedly force their withdrawal to the German border.

Latest reports from the battlefield announce that the British have completely occupied the entire city of Lille.

BREAK THROUGH ENEMY LINE IN BELGIUM

ALLIED CAVALRY IS POURING BREACH NINE MILES BEYOND THE LINE

(Special Service to Glendale Evening News)

PARIS, October 17.—Battlefront dispatches at 1 o'clock this afternoon announced that the Allies had torn a big breach in the German second line of defense of Belgium and dense masses of allied cavalry had advanced nine miles beyond the line. Additional forces are pouring through the break.

The Belgians have started to march on Ostend.

The break through was probably made in the Thielt region, although the dispatches did not make this clear. A nine-mile advance at that point would put the Allies at Nevele, six miles from Ghent.

DRIVE ON KRIEMHILDE LINE CONTINUES

AMERICANS FIGHTING IN RAIN TODAY HAVE CLEARED GERMANS FROM LOGES WOOD AND APPROACH DESSU

(Special Service to Glendale Evening News)

WITH THE AMERICAN ARMY IN FRANCE, October 17.—American forces fighting in the rain today threatened to drive the Germans from the remainder of the Kriemhilde line. Advancing northward from Grandpre, they crossed the Aire in force, the engineers preceding the infantry with foot bridges.

The Americans have practically cleared the Germans from Loges wood, have passed La Mussard's farm and are approaching Dessu.

In the Landre and St. Georges region the Americans have consolidated the first line positions of the Kriemhilde line which they had previously won.

REVOLUTION IN GERMANY IMMINENT

REPORTS FROM THREE SOURCES POINT TO BOLSHEVIKI UPRISING UNLESS PEACE IS SECURED

(Special Service to Glendale Evening News)

LONDON, October 17.—Three London newspapers received dispatches today from three different sources saying that unless Germany secures peace immediately there will be a Bolshevik revolution in Germany.

The Express dispatch was received from Amsterdam, the Daily News was advised from Stockholm and the Chronicle from Geneva.

Bolshevism is growing in German industrial circles, the reports show, and the regular Socialists have become alarmed. They have drawn up a Socialist government which they seek to establish in the hope to prevent anarchy in case the Kaiser should abdicate.

NEW BRITISH ATTACK

LAUNCH DRIVE ON TEN-MILE FRONT BETWEEN LE CHATEAU AND BOHAIN

(Special Service to Glendale Evening News)

LONDON, October 17.—Field Marshal Haig reported early today that the British launched a new attack on a ten-mile front between Le Chateau and Bohain at 5:20 this morning.

"Satisfactory progress is being made," he said.

Battlefront dispatches report that the British have entered Courtrai, where stiff fighting is in progress.

The British have broken through the ancient defenses of the city of Lille. It is understood that the Germans are deporting all the men and boys from the city between the ages of 15 and 60 years, leaving only the women.

Belgian cavalry has entered Thielt.

Discussing yesterday's operations, Gen. Haig said the British, Belgians and the French advanced between Dixmude and the Lys river and gained three and three-fourths miles on a 31-mile front.

The Belgians have crossed the Yser and are occupying Schoorbakke.

Haig confirmed the British capture of Thourout and the French capture of Ardoy, Litcherville and twenty other villages.

The Journal de Paris today declared the British had completely occupied Courtrai.

Yesterday the British captured the heights dominating Tourain and Roubaix, leaving Lille, Tourcoing and Roubaix in the same position that Laon occupied last week.

The French war office announced that French forces are "maintaining contact with the Germans on the entire Oise-Serre front."

DEATH OF EARL TERRY

FALLS A VICTIM TO INFLUENZA AT THE MARE ISLAND NAVAL TRAINING SCHOOL

Death has again entered a Glendale home in which a service flag is displayed and gilded the star with gold. Earl F. Terry, son of Mrs. Ida Terry of 631 North Central avenue, is dead of influenza at the Naval Hospital at Mare Island. The announcement, which reached her last night, was a fearful shock to his mother, as when last she heard from him he was in robust health. A telegram was sent by the Camp Chaplain last Monday advising her that he was very ill, but it was not delivered because her name was misspelled and it bore no street address. It was returned to Mare Island and delivered to her with a telegram from the Commandant announcing that her son had died at ten o'clock Wednesday morning, October 16th, 1918.

It is the second great bereavement she has suffered within a year, as her youngest son, Paul Terry, passed away last November, just eleven months ago.

Earl Terry was born in Los Angeles April 24th, 1887, and lived there for twenty-five years, or until his family moved to Glendale five years ago. About that time he went to San Diego, where he was employed in an automobile garage until he enlisted in July, 1917, and was sent to Mare Island to the Naval Training School and was made a Machinist Mate. Last August he was granted a fifteen-day furlough which he spent for the most part with his mother, who was in Hermosa Beach for the summer. When absent from her he has always been a frequent and prompt correspondent and in every letter has cautioned her to take good care of herself and has assured her she had no occasion to worry about him as he was strong and well. He was a young man of fine character and had a host of friends in Los Angeles.

One son is left to Mrs. Terry, Frank Terry, an employee of the Fire Department of Los Angeles. She also has two daughters, Mrs. Chester K. Aston, who is now with her, and Mrs. Alma M. Pennington of San Diego. She has been advised that her son-in-law, Mr. Aston, who is employed in the ship yards at Mare Island, will accompany the body to Glendale. Until he arrives, no definite arrangements for services can be announced, but because of the influenza epidemic, the funeral will be private, and interment will be made in the family lot at Rosedale Cemetery.

IOWA WHEAT PRODUCTION INCREASED

In response to the call for more wheat, 46 per cent of Iowa farmers planted approximately 550,000 acres to spring wheat, where last year only 250,000 acres were planted. This result is credited to a campaign begun in March, 1918, and carried on by county agents and farm bureaus. Orders for 128,541 bushels of spring wheat for seed were taken by the farm bureaus, and 168,122 additional bushels were located and distributed by county agents within their own counties. In addition to this, the agricultural extension department of the Iowa State College of Agriculture, beginning in August, 1917, carried on through the county agents a vigorous campaign to increase Iowa's acreage of winter wheat. As a part of this campaign 316,687 bushels of salable seed winter wheat were located and listed. The information was carried to the farmers through newspapers, seed-wheat lists, county agents and special seed-wheat agents, who were sent into 39 counties in the southern part of the State, at that time without regular county agents.

CIVIL SERVICE POSITION

Internal Revenue Collector John P. Carter, 6th District of California, Los Angeles, states that his department of the Government service is very desirous of securing qualified persons for the position of Deputy Collector, Inspector and Agent under the Harrison Narcotic Act. Appointments to this position must be made from the Civil Service eligible list and an examination is advertised for applicants on October 22nd, 1918. Entrance salaries for vacancies in the Internal Revenue Service for this position are filled at \$1600 per annum, together with actual traveling expenses when away from post of duty, and there is an opportunity for promotion to \$2500 per annum. It is suggested that everyone interested in this examination should at once communicate with the secretary of the United States Civil Service Commission, Federal Building, Los Angeles, for further information regarding same.

OBEYING THE LAW

ORDERS OF HEALTH OFFICER HAVE BEEN CHEERFULLY COMPLIED WITH

How refreshing it is to observe how promptly and willingly all citizens of Glendale have complied with closing orders given out by Health Officer Dr. R. E. Chase. The health officer has not at any time during his tenure of office been hasty in giving orders that seemed to the general public as being uncalled for; so now when he requests that schools, churches, theatres and all places of amusement be closed that the spread of Spanish influenza may be checked, the public stands ready to respond very willingly to the request.

Since last Friday evening all public meeting places have been closed and it is to the credit of the citizenship of the community that not an objection from anybody has been made. The main thought in every mind seems to be that we will co-operate with the health officer and assist in stamping out the disease in question as soon as possible.

The whole nation is at present in the clutches of the "flu" and in many places the disease has proven fatal, which has not been the case in Glendale.

REUNION OF OMAHA FRIENDS

Mrs. Ella L. Weston of San Francisco, formerly of Omaha, Nebraska, has been the guest this week of Mrs. Frank A. Doneken of 205 South Glendale avenue, this city. They are old friends who knew each other in Omaha. She will return Sunday to the Bay City. Tomorrow, Friday, she will be guest of honor at a reunion of old friends (most of whom came to California from Omaha) at the home of Mrs. A. H. Doneken on Glendale avenue in the Tropic district. It will be a celebration of her birthday and the guest list will include Mrs. Helen M. G. McKoon, Mrs. Arthur Rose and Miss Margaret Rose, Mrs. H. D. Jaacks and Mrs. Will Henry of Los Angeles, Mrs. Frank Doneken and daughter Georgina of Glendale.

HONORING DR. E. H. THOMPSON

Last Monday evening a delegation representing the Glendale Commandery, Knights Templar, visited the Burbank Masonic Lodge to attend a reception given in honor of Dr. E. H. Thompson of that city, who has enlisted for service in the U. S. A. and who left Tuesday morning for Camp Kearny, where he was placed in charge of a base hospital. The Glendale party included C. L. Peckham, Commander, Dr. Roy V. Hogue, David Crofton, Oscar Von Oven, Mrs. Peckham and Mrs. Von Oven.

GOOD GLENDALÉ ROOTER

Mrs. C. W. Dudley, who resides at Central and California avenue, is a good rooter for Glendale. Friends from Chicago who have visited her and who had intended to locate in Los Angeles, have succumbed to the charms of this city and are looking for a house here. The newcomers from the Windy City are Mr. and Mrs. Harry Pierce, and if they locate here Mrs. Pierce's son, Frank Plank, and his wife will also become residents, moving here from Los Angeles.

ANNUAL MEETING POSTPONED

Owing to the prevailing influenza epidemic, the annual meeting of the Glendale Red Cross Chapter, which was to have been held the evening of October 23d in the High School auditorium, has been postponed. It was to have been an elaborate and interesting affair, and the annual election of officers would have taken place. It will probably be held a week or ten days later than the date set.

MRS. HARRY DUFFIELD,
Secretary.

JUDGE LOWE'S DICTUMS

Judge Lowe, City Recorder, announced yesterday that he intended to place a placard in a conspicuous place in his office which should read: "Cough up when you're asked to. Sneezing strictly prohibited."

FEDERATION MEETINGS POSTPONED

On account of the ban placed on all public meetings by the Health Officer, there will be no meeting of the Glendale Federation of Parent-Teacher Associations until further notice.

WEATHER FORECAST—Fair tonight and Friday. Light northerly winds.

Valley Boulevard to Adams Street.
Tropico Avenue to Los Feliz Road.
Damasco Court and Blanche Avenue to Maryland Avenue.
Lot A. of Witham Tract to be named Chestnut Street, being a continuation of said street.

CO-OPERATIVE HOME BUILDERS PAGE

On Thursday of each week is published in the Evening News a Co-operative Home Builders' page. The preparation of this page is prompted by a spirit of patriotism and has first in mind the winning of the war, even at the sacrifice of everything else. The subscribers to this page advise that all who can give the government the maximum of their financial ability in the purchase of Liberty Bonds and War Savings Stamps.

What is a home without a government to protect the home, and what is a government without homes? It is for the protection of the thousands of homes that America and her allies are so courageously fighting now. It is the object of the promulgators of the home builders' page to advocate keeping everything in a community in excellent repair and in unquestionable sanitary condition.

The supporters of this co-operative system also advocate strongly the buy-at-home policy, believing that every community center should so far as possible look after their own interests.

KEEP UP THE BRAVE FIGHT

Every state; every district in every state must continue to carry on relentlessly in spite of the German peace propaganda that the Kaiser and his crowd are now endeavoring to cloud the issue with.

This message was received today at Liberty Loan Headquarters in Los Angeles from Secretary Daniels, Secretary Baker and Secretary William G. McAdoo.

The following telegram was received from Secretary Franklin K. Lane: "It is of primary importance that the propaganda of the German peace promoters should not in any way result in the slowing down of our war activities, particularly in our support of the Fourth Liberty Loan. Will you therefore immediately impress the importance of full speed ahead, on all citizens of Southern California and draw their attention to the absolute necessity of supporting the Fourth Liberty Loan and other war activities with unabated zeal. We may safely trust the President to guard our interests and direct our diplomacy. Our duty is to give strength to his arm. He will know how to use it."

We must speed up our war work in order that our enemies may find peace imperative. The war Department must proceed at full speed with men and supplies and the people must support the army until the boys are back home with the fruits of victory—safe and assured. There must be no weakening in the spirit of the people of California. It should be intolerable if this peace propaganda should bring the results for the Germans that their peace propaganda did when they launched it amongst the Italians and Russians. It is full speed ahead now, and no stop until we receive the word that Germany has surrendered unconditionally.

BRITISH TAKE OSTEND

FORMER GERMAN SUBMARINE BASE OCCUPIED BY VICE ADMIRAL KEYS, CHANNEL FLEET COMMANDER

(Special Service to Glendale Evening News)
LONDON, October 17, 4:22 a. m.—British naval forces have occupied Ostend it was officially announced by the Royal Air Forces this afternoon. Aviators reported that Ostend had been cleared of the enemy this morning and Vice Admiral Keys, commander of the British channel fleet, landed at the former German submarine base at 12:55 p. m.

SERBIANS REPORT GAINS

(Special Service to Glendale Evening News)
LONDON, October 17.—The Serbian war office announced the capture of Alksinat, twenty miles northwest of Nish, and other important positions.

MORE LIBERTY LOANS IN PROSPECT

(Special Service to Glendale Evening News)
WASHINGTON, October 17.—Secretary McAdoo today announced that there will be one and probably two more Liberty Loans.

KAISER'S ABDICATION DENIED

(Special Service to Glendale Evening News)
AMSTERDAM, October 17.—Berlin dispatches today officially denied that the Kaiser has abdicated.

Personals

Claud Kingsbury, who has been
driving a jitney, has joined the Fire
Department and is now an employe
of the city.

Mr. and Mrs. George E. Williams
and family, who have been residing
at 328 North Brand, moved yesterday
to 109 West Lomita.

Little Richard Middlekauff, son of
B. Middlekauff of Cedar street, who
has been ill of pneumonia, is recover-
ing and hopes soon to be quite well
again. It is the second time he has
had the disease.

Mrs. Blake Franklin and her little
daughter Josephine, of Wilson ave-
nue have been quite ill of the pre-
vailing complaint, but are now able
to sit up at intervals and seem to be
on the road to recovery.

Ensign Max A. Heasley has been
granted a furlough and has come
south with his wife. They are now
at their home, 337 West Vine street,
where their friends will be very wel-
come. The Ensign expects to be
here until October 25th.

C. O. Kling of Damasco court had
the misfortune to run down a boy,
P. V. Caldwell, who ran in front of
his auto on Brand boulevard Tues-
day. The boy was knocked down and
dragged about twenty feet and his
knee hurt. He was taken to Thorny-
croft Hospital.

Morris Jackson of Milford street,
who is now at the wireless station at
Lemon Grove, San Diego, was home
about a month ago and was in ex-
cellent health, to the satisfaction of
his family. His Company is now
quarantined against influenza, but no
cases are reported there.

Lieutenant Lawrence Lawson, who
is in command of the Balloon Sta-
tion at West Point, Kentucky, has
been quarantined on account of in-
fluenza, which is quite bad in that
section. He reported a week ago
that there were a good many cases
among the men under him.

Mr. and Mrs. Lavelle and their lit-
tle daughter June, and Miss Kathleen
Gorman are leaving for Redlands
about the first of November. They
are planning to spend the winter
there in order to get away from the
foggy weather here and will return
to Glendale in the spring.

The Peter Ferry home at 536 East
Acacia has been a hospital with near-
ly all the beds occupied. Mrs. Ferry
has been quite ill, also Mrs. O'Brien
and five Perry children, but all are
on the mend now. They deny that it
was the Spanish influenza, pronounc-
ing their ailment a case of bad colds.

Hadley Brown of Lomita avenue
has been confined to his bed since
Sunday and was threatened with
pneumonia, but the attending physi-
cian thinks he has now passed the
danger point and will continue to im-
prove in health from this time on.
He is considerably better this morn-
ing.

R. L. McCourt, Scout Master, re-
ports that the Boy Scouts, particu-
larly the members of his troop,
which numbers twenty-eight, have
been giving good service in the sale
of Liberty Bonds and have sold to a
total of \$3000. He says they are
ready to keep on with the work or
help in any other way in which they
can render service.

The local review of the Woman's
Benefit Association of the Maccabees
has received instructions from Miss
Bina West, supreme commander of
the Association, to organize at once
in giving efficient aid to the govern-
ment and civic authorities in check-
ing Spanish influenza. As the organ-
ization has well-established hospital
committees, it is equipped to give
its help. The organization is rep-
resented in this locality by Glendale
Review, with Ethel Robbins as or-
ganizer. The local review is joining
with the authorities in giving all pos-
sible aid in stopping the spread of
the epidemic and, as a means to this
end, Mrs. Jennie Phillips has been
appointed chairman of the Hospital
Service Board. Needy Maccabee
members, suffering with influenza,
may apply to her and receive free ma-
terial aid for themselves or families.

W. C. T. U. MEETING POSTPONED

The City W. C. T. U. meeting which
was to have been held at the home
of Mrs. H. T. Anderson on Orange
street, October 18th, has been post-
poned until further notice, on ac-
count of influenza.

MRS. RUBY SMART,
President.

DR. ROY V. HOGUE, DENTIST,
in the First National Bank Building,
desires to announce change of tele-
phone service, new number to be
Glendale 888 (eight double eight).

STATE NEWS

LOS ANGELES—Free milk for
the poor will not be upheld in this
city, but milk at cost to be sold at
municipal milk stations is the latest
to be advocated by clubwomen. Dr.
Julia Riddle is trying to interest all
clubwomen in this humanitarian
plan with the view of presenting a
petition to the municipal authori-
ties for its adoption. Dr. Riddle de-
clares that lack of milk rather than
impure milk is the cause of much
infant mortality, and says that the
adoption of her plan would mean the
saving of many children's lives. She
believes that iceboxes could be in-
stalled at the fire stations in centers
where the poor live and that milk
could be delivered there bottled and
sold at cost. If it is not practical to
establish the milk depots at the fire
stations, Dr. Riddle favors schools
and social centers as the next best
medium of distribution.

PORTLAND, Ore.—Brig. General
Disque, commanding the spruce divi-
sion, announced today that the
monthly production of spruce and air-
craft fir had grown from 1,500,000
feet to almost 20,000,000 in a year's
time. He called on the "one great
industry which has gone through the
past year without labor disturbance
or profiteering to grit its teeth and
drive on with even greater co-operation
and determination than ever be-
fore."

SACRAMENTO.—A proposal to
give California school children six
weeks midwinter vacation, in the in-
terests of fuel conservation, farm
work and health of the pupils, has
been made to State Superintendent
Edward Hyatt. It is suggested that
schools close in the middle of Decem-
ber, not to re-open until February.
This is the season of bad weather
which is hardest for the children to
go to and from school, and when the
most fuel is used in heating school
buildings. At this time, also, the
older boys are needed on the farms to
help with the plowing and sowing of
crops.

SACRAMENTO.—The California
inheritance tax operates on a differ-
ent basis than the federal inheritance
tax, according to State Controller
John Chambers, who has been mak-
ing a careful study and comparison
of the laws. The government as-

**BUY A BOND

sesses the tax of the sum bequeathed
while the state takes into considera-
tion the relation existing between the
legator and the legatee. The gov-
ernment demands from three per
cent on those of \$10,000,000, regard-
less of relationship. The state makes
the tax on a close relative compar-
atively small, while a stranger in blood
is taxed even more heavily by the
state than by the government. Where
heretofore the federal government
has used the inheritance tax chiefly
as a war finance measure, Chambers
does not believe that this source of
income will be given up after the
present war has been won.

VISALIA.—The Nineteenth Annu-
al Convention of the Creamery Op-
erators Association began its three-
day session here today. Mayor H.
Askin of this city opened the conven-
tion by welcoming the members in
the name of the city. The confer-
ence will continue in full swing un-
til Saturday afternoon. The appoint-
ments of committees for next year
will be accomplished today. A butter
scoring contest is part of the day's
program.

SACRAMENTO.—Hundreds of
freight cars could be released for
war hauling if the crops of the San
Joaquin and Sacramento Valleys were
moved by river shipping. An inves-
tigation of the California freight sit-
uation has been made by the United
States Railroad Administration. This,
it is anticipated, will result in the
action of one of two courses by the
government—either the development
of river freight traffic and the in-
stallation of a barge system in con-
nection with the railway lines, or the
dropping of river shipping altogether
by the Railroad Administration and
the sale of the Southern Pacific
steamers to independent lines.

SACRAMENTO.—L. R. Reynolds,
auditor of the state railway commis-
sion for the past seven years, has
gone to Washington to accept a com-
mission as a major in the purchas-
ing division of the war department.
His is the twenty-seventh star in the
railroad commission service flag.

LOS ANGELES.—Do they knit?
Nit. While American women are
busily plying their knitting needles
making socks for doughboys "over
there," the Los Angeles branch of
the Japanese Red Cross is spending
its spare time making paper socks
for Japanese soldiers. The socks are
cut from a single sheet of paper,
properly patterned, shaped much like
a baby's sock and sewn up the mid-
dle. The paper used in the making
of the socks is thick, heavy and
tough, and folded over the ankle,
where protection is most needed. The
paper is made of rice. The socks are
much lighter than woolen ones and
a soldier can carry several dozen
pairs without difficulty. One pair
can be worn for four or five days,
after which it is thrown away.

SAN FRANCISCO.—Another na-
tion has declared war on the Hun.
Next month from an American port
a one-man army, the total population
of the new ally, will go across. C. S.
Stowell, 57, is going to represent the
Franco-Tiruer nation. He has been
rejected by the British army because
of age. Back in 1870 when the Hun
struck at France, Stowell crossed the
channel from England and enlisted
with the Ninth Chasseurs. He served
throughout the short-lived war. He
is now going back for a final lick at
his old enemy, at his own expense,
and offer his services as an independ-
ent sharpshooter.

EL CENTRO.—Imperial county's
grape crop this year brought rich re-
turns to the few growers who have
so far seen fit to enter this rapidly
developing industry here. One hun-
dred and sixty-four carloads were
shipped in the period between June
5 and August 5, when the last car
of Malagas was packed. The total
weight of grapes shipped from Im-
perial county this year was 3,407,971
pounds, or nearly 1750 tons.

SACRAMENTO.—Development of
2000 acres of supposed potash fields
in Deep Spring Lake region, Inyo
county, is to be undertaken by the
Standard Potash Company of Fresno.
This company has received a permit
from State Corporation Commissioner
Bellows to sell of its capital stock 100
shares at par, \$1 for cash.

TUJUNGA

Mrs. Spelmeyer was up from Glen-
dale to attend the Red Cross sewing
bee on Friday. A quilt was put on
and tied off, with the sewing of jack-
ets for the day.

The La Canada-Sunland—Tujunga
Center of the Los Angeles Farm Bu-
reau held their October meeting at
Bolton hall October 10th. Farm Ad-
visor Nebelung was present and dis-
cussed the tomato problems. Some
time in December a meeting will be

IN THESE days when high prices pre-
vail so generally, it is absolutely nec-
essary for you to consider the reputa-
tion of your tailor. You must get value
received for every dollar you pay out.

Your winter suit will be called on to do double duty.
In these war times you cannot afford to discard it
as soon as it begins to look a little shabby, and for
that reason you will want to be sure that the ma-
terial is not shoddy and that the tailoring is good.

We have earned a reputation for the quality of our
materials and the excellence of our tailoring.

SEE OUR SAMPLES BEFORE ORDERING.

S. BERMAN
The Tailor
122 N. BRAND BOULEVARD

Here Is Your Chance

I am not half sold out and have many bargains yet to tempt
you. Traveling men tell me that we have not yet begun to see high
prices, so govern yourselves accordingly.
Milk, it is predicted, will sell for 20c a large can ere long, but
I will not sell any of you more than 12 cans, so it will go around.

KILBORN'S GROCERY
CORNER PACIFIC AND VINE

held to show the people the proper
method of pruning deciduous trees.
The old officers were re-elected for
the present year.

Those who knew H. S. Humphrey,
who formerly lived here, will be
pained to know he has met with an-
other accident. While walking on the
streets of Los Angeles, a driver lost
control of his motor truck, which ran
upon the sidewalk, knocking Mr.
Humphrey down, breaking a leg and
a pelvic bone. His family as well as
himself have the sincere sympathy of
their friends in this place.

News was received by Mr. Dean
of the death of A. V. Holmes, a for-
mer resident here and who still owns
a home on Greeley street, on Octo-
ber 7th. Mr. Holmes was teacher in
music in Los Angeles and was in Tu-
junga less than a month ago. He
leaves a wife, Mrs. Phoebe Holmes,
to mourn his loss. She conducts a
Truth Center at Hermosa Beach. Her
many friends here sympathize with
her in her affliction.

In obedience to orders from the
Pasadena Red Cross Chapter, no
more meetings for Red Cross work
will be held at Bolton hall until fur-
ther orders. Miss Michel and Mrs.
Jenkins, who returned work on Mon-
day, brought the message to the Tu-
junga Auxiliary.

Mrs. Haigh, formerly a resident
here, came from La Jolla to spend
a few days here.

The school has been closed for the
present by county orders on account
of the prevalence of the epidemic in
the county.

Col. Church, formerly from New
York but later of Hollywood, has
taken up his residence with Mrs. Col-
burn on Stephens way and is well
pleased with our mountain place on
account of its beauty and quietness.

Miss Bailey, a nurse at the Sol-
diers' Hospital of Sawtelle, has come
to her home in Tujunga for a much-
needed rest.

Mrs. Bertha Hardy and son Jack

have returned from Chicago and are
now at their home on Monte Vista
boulevard.

Miss Michel, superintendent of one
of the Los Angeles schools, is enjoy-
ing a vacation with her mother on
Stephens way during the enforced
closing of the city schools.

Mr. and Mrs. Green and daughter
Alice were up from Glendale on Tues-
day for a call on friends in Tujunga.

LA CANADA

County officials are continuing the
good work done by the City of Glen-
dale and are improving Verdugo road
from the north city limits of Glen-
dale to Michigan avenue, which is
much appreciated by residents of La
Canada.

Grape pickers are now gathering
Cornichon and Tokays in the vine-
yards of the valley. The damage
done by the rain to Muscats amount-
ed to several thousands of dollars,
as a large proportion of the crop was
still on the vines.

The peach crop is about gone. It
has been very prolific. Prices have
been high and the crop very fine.

Grapes from the valley are nearly
all being shipped from Montrose by
rail directly east, being purchased
f. o. b. at prices said to range from
\$50 to \$75 per ton.

fect kingdom---Home.

HEART'S DESIRE

The dearest thing to the hearts of any right made man or woman—next to cherishing each other and the little ones that Providence has sent them—is the desire for a Home. It is a charm that creeps into the heart of rich and poor alike; a bond of kinship between all mankind. To own a Home. To say as you return from your day of labor—whether it be from field, factory or mahogany desk—"This is MY hearthstone," brings a satisfaction so filled with goodness and so free from alloy, as to deserve the name of Blessed.

DESCRIPTION OF DESIGN NO. 350

This little home has four rooms with the convenience of a mansion. Its simplicity is its beauty and a touch of the Colonial style makes it ultra-modern. Living room and dining room across the front, one bed room, bath and kitchen on rear. All are connected by small hallway.

EDITOR'S NOTE: The homes illustrated here each week are selected from the designs of the Lumbermen's Service Association. Any information, floor plans or cost to build will be gladly furnished by either of the local members of this association:

THINKIN' O' HOME

Over here in this strange land,
I've many hours alone;
While everyone treats us grand,
Still it ain't like home.
We don't feel the freedom o' mixin'
As we did in the U. S. A.,
An' we're given a lot to thinkin'
Of our lives o' yesterday.
And the vision that always comes to mind
In the background o' our dreams,
Is the dear old home we left behind—
You can't know what it means.
I see you all a-sittin'
Round the fireside tonite,
Mother a-rockin' an' knittin',
Dad readin' an' smokin' his pipe.
I'm dead to the rain and cold
Chillin' me through and through,
I'm livin' an' hour of old
Back home again with you.
You'd think we'd be thinkin' o' the fray,
Of fightin' and hatin' the Hun;
But that's what we're livin' every day,
And at nite when day is done,
That's when my thoughts run free,
As I sit or walk alone,
I start thinkin' an' soon I'll be
With you again back home.

OWN YOUR OWN HOME

OWN YOUR OWN HOME

DO YOU KNOW?

That it must be with a sense of pride we awake these beautiful autumn mornings and recall that the dear old United States, whose Stars and Stripes we are protecting from the encroachments of the Germans, is taking such an active part in working out the civilization of the world. At the close of the Fourth Liberty Loan drive, the United States will have a war bonded indebtedness of \$14,000,000,000, and in recent years the United States has loaned to Great Britain, France, Italy, Russia, Belgium, Greece, Cuba, Serbia, Liberia, a total of \$7,000,000,000.

More than half the war indebtedness of the United States is offset by loans made to other countries whose freedom from Prussian rule is now entirely assured.

Thus we can see great cause for national pride. And now let us turn to conditions in our own community. A quota of \$198,000 is named for Glendale's share of the Fourth Liberty Loan, and now two days before the close of the drive, the top notch has been reached and we have gone over the top to the extent of \$100,000.

These bonds are held in sacred trust by the original purchasers and will be held thus until after peace reigns supreme, and then many of these holdings will be exchanged for houses and lots. In short, these patriotic savings will be converted into homes and this country and this community will be exceedingly prosperous.

There is just one thing necessary now and that is to keep all buildings in good repair so there will not be a needless depreciation in the worth of property. Yes, keep the home fires burning.

HOMES FOR THOSE WHO HAVE FOUGHT FOR HOMES

In what amazement would Michiavelli stare could he read the details of the plan recently prepared by Secretary Lane providing for homes for our returned soldiers.

A greater proof was never offered that Republics have Souls, Democracies have Consciences, Commonwealths have Humanity.

These men—thousands of them—have fought our battles—they have preserved our firesides—they have saved for us our homes.

They are not men to whom payment can be made—they did not go into battle with any mercenary sentiment—but there is due to them such recompense as we can make—and Secretary Lane, with a surpassing wisdom and a deeply human heart, has selected just the recompense that would most appeal to HOME-FIGHTERS—a HOME.

The returned soldier will want SOMETHING TO DO. He does not want charity; he has been accustomed to doing a man's work, and he does not want a beggar's alms.

To have saved the present country through his fighting and then to create a new country in our waste lands through his labors would appeal to his mind as a soldier of America.

Such in brief is Secretary Lane's plan—a great idea—one worthy of America—one that has our entire and sincere endorsement.

Uncle Dan's Column

THE CIVIC SLACKER

They ain't no arguin' the fact that this here war has brought to light a powerful site o' Sentiment and Patriotism what has been buried so long in the darkness o' our hearts that it took a mighty lot o' advertisin' and appealin' to dig it up.

True, we was most patriots at heart but we had been fergettin' it so long that we has it chucked away down in the amen corner o' our souls where we should order hide some o' our less desirable qualities.

This here lesson should wake some o' us up to another kind o' patriotic expression, that o' Civic Patriotism. The kind o' thoughtless creature we mean is among us war or peace. He is the feller what makes his coin in our town, takin' advantage o' the labor of us citizens. He enjoys our patronage and civic advantages and protection yet don't show his appreciation of these things by becomin' one o' us permanent like.

The man what don't invest his money in our securities, our real estate and build his Home among us ain't no ways deservin' o' our business.

Again, the feller what can afford to and yet don't own his own home ain't the kind o' citizen to do us or our community any good and is as much a slacker to our town as the guy what hides out from the Liberty Loan and passes up the Red Cross plea is to our Country.

Wake up, you Civic Slackers! Pin on the badge o' Home Ownership and see how it lifts you in the eyes o' us Homefolks.
